Portfolio : <https://haneensafi.github.io/Portfolio/>

SUMMARY:

Computer Science graduate with hands-on experience in full-stack web development using **ASP.NET Core, Angular, C#, TypeScript, and SQL Server**. Experienced in developing **RESTful APIs, CRUD operations, Entity Framework, and Onion Architecture** through practical training and academic projects. Strong interest in building **secure, scalable, and maintainable applications**, with additional experience in blockchain-based systems and AI chatbot integration.

Training / Internship

Trainee – Full Stack Developer

Procapita Group, Amman, Jordan

 Mar 2026 – Jul 2026

- Completed a **3-month training program** focused on full-stack development
- Worked with **Angular 19 and ASP.NET Core Web API**
- Applied **Onion Architecture** in real-world projects
- Developed and tested **CRUD operations using Entity Framework**

PROJECTS

SkyChain – Flight E-Ticket System (Blockchain-Based)

(<https://github.com/HaneenSafi/Skychain>)

- Built a secure flight booking system using **HTML, CSS, JavaScript**
- Implemented **blockchain-based verification** to enhance ticket security
- Used **hash verification** to prevent data tampering
- Integrated an **AI chatbot** for user assistance and assessment.

HR Assessment System (Training Final Project)

- Developed full-stack system using **Angular 19 + ASP.NET Core Web API**
- Applied **Onion Architecture** for clean and scalable design
- Implemented **CRUD operations** using Entity Framework
- Designed system for managing candidates and assessments

E-Commerce System

- Developed backend using **PHP**
- Implemented product management and basic shopping features
- Connected system with database for dynamic data handling

PROFESSIONAL MEMBERSHIP

IEEE WISE Student Branch — Member

Amman, Jordan | 2025–2026

EDUCATION

BS in Computer Science | WISE | Sep 2022 – July 2026

- GPA: 81%

Technical Skills

Languages:

C#, JavaScript, TypeScript, HTML5, CSS3, PHP

Frameworks & Technologies:

ASP.NET Core, Angular (v19), Entity Framework, WinForms

Databases:

SQL Server

Concepts:

CRUD Operations, Onion Architecture, RESTful APIs, Blockchain Basics, Hash Verification

Tools:

Visual Studio, VS Code, Git
